

Anna Mani Gender Equity Lecture Series

Science Communication as a Mirror to Science

by

Aashima Dogra

– The Life of Science –

15:30, Friday, 31 Jan 2020

Venue: IIA, Auditorium

This lecture series is named after one of India's pioneering women scientists and a renowned meteorologist, Anna Mani. In this talk, science writer *Aashima Dogra* will explore the realities of the gender gap in Indian science and highlight the role of science communication in closing it. The science journalist, *Nandita Jayaraj*, will read from her children's book: *Anna's Extraordinary Experiments with Weather*.

Organized by
WGGE-ASI & Gender Equity Cell, IIA
